# KENNY & TINA'S STORY

- Kenny and Tina both carried deep wounds long before they found each other. Unresolved trauma
- had led them both toward alcohol, drugs, and broken relationships — and when they came together as a blended family, the pain didn't disappear. Beneath the
- < happy moments, they were heading somewhere dark, and
- > they knew it.

- Their first visit to The City Church changed everything. They felt
- > welcomed and at home in a way they hadn't expected. When
- > Pastor Tony spoke about having a relationship with God —

not just knowing about Him, but truly knowing Him — it landed differently than anything they'd heard before. Tina gave God her yes right away, serving faithfully even through the seasons Kenny couldn't be there. She prayed he'd find his way too, and God answered.

Together, they joined the production team, went through groups, and started leading their own. What began as simply showing up became the thing that saved their marriage. Four years later, generational curses are being broken, their kids know God, and they're surrounded by relationships that speak life and wisdom into them.

God took what was broken and gave it a fresh start. What a testimony of His faithfulness.
